

‘WWN significantly reduces staff workload!’

How do you use Winning With Numbers?

Winning With Numbers has a clear progression from Nursery to Year 4 (like phonics for maths) which we use in class every day. We also use it for an intervention where some children have gaps from previous years and for homework. We use the Winning With Numbers Book as a planning guide and staff are able to annotate this.

How has Winning With Numbers impacted on pupils?

Pupils consistently demonstrate high levels of engagement in Winning With Numbers sessions. Winning With Numbers has certainly developed mental arithmetic skills and fluency. Last year we achieved excellent results in our multiplication check and SATs. Winning With Numbers is an essential part of our children's mathematical journey and contributes significantly towards our results.

How has Winning With Numbers impacted on staff?

Winning With Numbers has improved staff subject knowledge significantly and the 'Be the Expert' videos support teachers to understand each part of knowledge and how to teach it. As a result, teachers have improved confidence in teaching each element and how it connects to prior learning. Teachers are supported exceptionally well through Winning With Numbers. They can team teach with the 'Teach Me' videos which enables them to teach consistently great lesson. Winning With Numbers significantly reduces staff workload because all the planning and resources are available at the click of a button.

How has Winning With Numbers impacted on parents?

Parents have previously felt frustrated supporting children with maths learning because they lack understanding themselves. They have enjoyed using Winning With Numbers and say it has helped a positive atmosphere when completing work which they can now do together.

Final Winning Thought!

We all love using Winning With Numbers because it is highly engaging for staff, pupils and parents. It is a highly effective programme deeply rooted in the science of learning with the payoff that teacher workload is minimised. We see progress in every session. Winning With Numbers ticks all the boxes!
